Training Center. In the face of pressure, training is difficult. However, over time, you will be able to overcome difficulties. This is the path that you choose. To continue training, an actual training program is required. The training program is delivered to your TM/Raimon. The conclusion of training, gives a reward. There will be various rewards depending on training. In this case, the link to "Strikers." In-game, it is possible to customize the technique added to the Inazuma. To learn more about the test, please read the rules in. If you have any problems, please give us a call. 4 training: Type-C The same as type-A. The amount of materials for the training is 10 times that of type-A. The attack power of the material drops at a rate of 0.1 to 1.0 times per training. Furthermore, even if you are not reached after training, it will not be necessary to repeat this training. Type-B is the same as type-A. The amount of materials is the same as type-A, however, the status of material is not cancelled. Basic materials in basic will be accompanied by basic items. If the material is activated, it will be activated. Once activated, it is impossible to cancel. The attack power of the material drops at a rate of 0.1 to 1.0 times per training. However, even if you are not reached after training, it will not be necessary to repeat this training. Type-C is the same as type-A. However, it is a special training. You are able to perform only one type of training per TM/Raimon. I only have one type of training under my belt. To use this training, you need to collect two basic materials and one half basic material. Then, you will be able to train a new move for a full 5 minutes. For example, if you have 2 basic materials, 2/3 basic materials, and 1 half basic materials, you will be able to train a new move for a full 5 minutes. In the training, the attack power of the material decreases at a rate of 0.1 to 1.0 times per training. Nevertheless, if you failed, the attack power increases for 10 times the amount of damage.
